

A Prayer

Grant us wisdom and understanding,
In supplication we do pray.
Your patience, love, we need so much,
To live the higher way.

We are weak, but you are strong, Lord,
And always give to those who ask --
Perseverance to sustain us;
The strength to do a task.

When we ask for bread, spirit food,
You never give a single stone --
But let us know we are your sons,
And chosen for your own.

We know that you do love us, Lord,
By giving us our daily need,
Guiding, directing, teaching us,
The Book of Life to read!
