

MOTHER DEAR

We love you - mother  
For all the lovely deeds you've done,  
The giving of your life --  
From rising - setting of the sun.

We love you - mother,  
For being you - always kind and sweet.  
Thank you for your patience,  
As you led, straying, little feet.

We love you - mother,  
For caring - sharing of your life,  
And knowing there's a rainbow  
Beyond the struggles and the strife.

We love you - mother dear -  
For helping all of us so much.  
Ev'n though we're miles apart,  
We have a need - to keep in touch.
